The following lecture theatres have been selected for the trial of Dual Radio Microphones beginning in March 2019 (Term 1) and finishing at the end of Term 3, 2019.

**Rex Vowels Theatre**  
Ainsworth G03

**Mathews Theatre A**  
Central Lecture Block (CLB) 7

**PLEASE NOTE:**  
The original belt pack (Shure SL4) will no longer work in the above lecture theatres.

**To Use:**  
Simply take out of the charging cradle and use as per user guidelines for the previous belt pack.  
To use the hand-held microphone, take it out of the charging cradle and speak into it.  
If there is no sound, check that it is turned on - there is a switch just under the display.

**After Use:**  
Make sure to replace the belt pack and/or hand-held microphone into the charge cradle, ensuring the charging indicator lights up for the next user.  
When finished return the microphone to the charge cradle, making sure the red charge light switches on.

**Handy Tip:** Leave the microphone switched on when returning it to the charger – it will automatically turn off.
